

Degree Programs Taught in English

(Programs where degrees can be obtained by taking subjects taught in English, and programs intended for preparing students for global career paths)

Faculty/Graduate school	Program	Department	Course/Program	Month of admission	Standard no. of students admitted	Contents
Graduate School of Law	Master's program	Academic Legal Studies	Global Master's Programme in Law Course (GMAP in Law Course)	April or October	6	<p>The GMAP in Law Course is a new L.L.M. Course, in which students are required to take all the necessary credits in two years (or one year). This Course provides lectures of international business law entirely in English. Following are characteristics of the Course. First, in this Course the Internship in foreign law firms (or arbitration institutions) in Asian countries, for 1 to 3 months, is integrated as a compulsory lecture. Second, participation in the moot arbitration competition (ex. FDI Moot, VIS Moot, LawAsia Moot) is also integrated into this Course as optional lectures. Finally, the writing of a master thesis (or a research paper), under the supervision of professors, is required as a compulsory lecture.</p> <p>This program started in April 2015.</p> <p>Details can be found at http://www.law.kobe-u.ac.jp/GMAP/</p>
