1. Procedures

① Notification-of-Moving-in Form

Those who have a student visa with a permission of at least six months must submit a notification-of-moving-in form to their new local municipal office within 14 days every time they change their address (You will need to present your Residence Card when doing this). If you have not been issued a Residence Card at your port of entry, it will be mailed to you after you submit a notification-of-moving-in form to the local municipal office. This card is the official form of identification for foreign residents and must be carried at all times.

② National Health Insurance

The National Health Insurance System in Japan is an insurance system to reduce individuals' medical costs. International students who reside in Japan must become a member of the National Health Insurance scheme.

Registration procedures are carried out at the city/ward office. After enrollment, you will pay monthly premiums. Upon joining the system you will be issued a National Health Insurance Certificate. If you show this at the reception desk when you receive medical treatment, you will need to pay only 30% of the incurred medical costs.

If you have to change to another insurance system because of employment or if you are going to leave Japan, be sure to file for withdrawal at the local ward or city office.

*Reimbursement of High Cost Medical Fees

If you paid over 35,400 yen to the same medical institution within the same month, you are eligible for a refund. Take the receipt, bankbook, and an inkan (personal seal) to the city/ward office and file for a refund.

③ Personal Accident Insurance for Students Pursuing Education and Research

Personal Accident Insurance for Students Pursuing Education and Research is a nation-wide mutual aid system for students to provide insurance for physical injuries caused by accidents during regular courses, official programs, and extracurricular activities on and off campus. All students are required to join the Personal Accident Insurance for Students Pursuing Education and Research Plan for which an application form must be submitted at time of matriculation.

For further details, contact the International Students Section of each faculty.

Comprehensive Personal Liability and Accident Insurance for Students (CPLAIS)

Comprehensive Personal Liability and Accident Insurance for Students (CPLAIS) is a voluntary insurance for those who wish to expand insurance coverage. Kobe University strongly recommend our students to purchase CPLAIS insurance when joining Personal Accident Insurance for Students Pursuing Education and Research, which all students are required to join.

For more details, please contact the Consulting Desk for Student Life and Insurance which is listed on the back side of the pamphlet.

④ National Pension Plan

If you reside in Japan and are 20 years of age or over, you are obliged to join the National Pension Plan. This duty also applies to international students. If you enter Japan at the age of over 20 years old, you must join the National Pension Plan when you submit a notification-of-moving-in form to the local municipal office. If you enter Japan at the age of below 20 years of age, you must join the National Pension Plan when you turn into 20 years of age.

For those who have financial difficulties to pay national pension premiums, premium exemption programs are available such as Special Pension Payment Exemption for Students (SPPES). If you wish to apply for SPPES, you must apply to your local municipal office at the time when you register for your National Pension Plan. You need your student ID card to apply for this program. SPPES or exemption programs are valid for 1 year. If you wish to renew, you must re-apply annually.

For more information, please visit the Japan Pension Service website (<http://www.nenkin.go.jp/n/www/service/detail.jsp?id=3896>).

⑤ Opening Post Office Account

If you are entitled to receive a stipend or JASSO Honors Scholarship, you need to open a Japan Post Bank account at a post office since your funds will be deposited directly into that account. To open an account, you need to bring your passport and Residence Card with you and fill in the application form .

If your Residence Card does not carry your address, you need to take it to the local municipal office and have the address included on the card beforehand.

Once you open an account, please submit a copy of your bankbook (front and back page) to your Student Affairs Section or the International Student Exchange Division.

⑥ Opening Bank Account

If you are here on a scholarship from a private foundation or you have to pay a monthly rent for your apartment, it is strongly recommended that you open a bank account to simplify payment arrangements. [Note: Students admitted into the School of Medicine (Faculty of Medicine and Faculty of Health Sciences), the Graduate School of Medicine, and the Graduate School of Health Science should submit ① or ③.] :

- ① Vaccination Certificate to prove that you were inoculated against measles and rubella (or a combined vaccine including measles and rubella vaccines, for example, MR vaccine) twice each since birth. The Certificate must be issued by an accredited medical institution and state the type of vaccine and the date of inoculation.
- ② Vaccination Certificate to prove that you were inoculated with measles and rubella vaccines (or a combined vaccine including measles and rubella vaccines, for example, MR vaccine) within the last five years. The Certificate must be issued by an accredited medical institution and state the type of vaccine and the date of inoculation.
- ③ Antibody Certificate verifying that you have sufficient antibody titer in your blood (refer to the chart below) to prevent development of measles and rubella, based on the results of an antibody test performed within the last five years. The Certificate must be issued by an accredited medical institution and state the measuring method and the measured values.

If the antibody titer level is below the requirement, yet you cannot be inoculated with one of the vaccines listed for some reason, please present an official document (for example, a certificate issued by the doctor) explaining why.

The Measuring Methods and Judging Standards

	Measuring Method	Judging Standard		Remarks
		Other than those listed on the right	School of Medicine, Graduate Schools of Medicine, Graduate Schools of Health Sciences	
Measles	IgG-EIA method	$8.0 \leq$	$*(16.0 \leq)$	Positive result by one of these three methods
	PA method	$128 \leq$	$*(256 \leq)$	
	NT method	$4 \leq$	$*(8 \leq)$	
Rubella	IgG-EIA method HI method		$8.0 \leq$ $32 \leq$	Positive result by one of these two methods

The protective antibody value differs according to the measuring method used. Please note that the judging standards are higher than the usual standards considered to be positive.

Students who wish to enter the School of Medicine, the Graduate School of Medicine and Health Sciences are required to have an even higher level of protective antibody values against measles. If your antibody titer level is below these values, please take the required vaccination and submit the Vaccination Certificate.

[Note] In addition to the above mentioned certificate for measles and rubella, if you are entering into the School of Medicine (Faculty of Medicine and Health Sciences) or the Graduate School of Medicine and Health Sciences, you must also submit a certificate to prove that ① you have received two inoculations of vaccines for mumps and chickenpox (epidemic parotitis) or ② you have the required antibody titer level ($4.0 \leq$ by IgG-EIA method for both mumps and chickenpox). Take the designated form which was sent to you when you successfully passed the entrance exam to the medical institution and have the doctor fill it out. Hand this certificate into the designated center or office by the deadline listed below. If the antibody titer level is below the requirement yet you cannot be inoculated with one of the vaccines listed above for any reason, please present the document (for example, a certificate issued by the doctor) explaining why.

- Please ask the doctor to issue the necessary certificate on presenting this guidebook.
- When submitting the certificates, bring the original and an A4-size copy.
- Certificates written in languages other than Japanese or English should be accompanied with the Japanese or English translation.

④ Prevention of Infectious Disease

(1) Tuberculosis

The number of tuberculosis cases has decreased today, but it is still the biggest infectious disease in Japan. If it is not detected in time there is a great possibility that family and acquaintances may be infected. It is important to have a checkup once a year. (2) Sexually Transmitted Diseases

Sexually Transmitted Diseases (also known as social or venereal diseases) affect not only the infected person but also the family and descendants of the infected person. To prevent the spread of such diseases, public health centers and some medical facilities provide services such as examinations for syphilis by serodiagnosis.

When people get married or become pregnant, they can receive this examination free of charge.

④ **Glossary of Words used in regards to Renting an apartment**

(1) Security deposit (*Shiki-kin*)

Shiki-kin is a security deposit paid on renting an apartment. When you vacate the apartment, the landlord usually takes a certain amount of *Shiki-kin*, which is called *Shiki-biki*, and the rest of *Shiki-kin* will be returned to you. If you fall behind in your rent payment, or you destroy/damage something in the apartment, a greater amount will be deducted from *Shiki-kin*.

The amount which will be returned after vacating the apartment = *Shiki-kin* - *Shiki-biki* - repairing fees

(2) Key money (*Rei-kin*)

Rei-kin or "gratitude money" is the amount paid to the landlord when you first rent the apartment. It is usually equivalent to one or two months' rent and will not be returned when you vacate the apartment.

(3) Deposit (*Tetsuke-kin*)

Tetsuke-kin is a deposit when you rent an apartment. Once you pay a deposit on the apartment no one else can rent it. If you officially sign the lease agreement, *Tetsuke-kin* will be incorporated in the *Shiki-kin*. If you do not sign the agreement, you forfeit the *Tetsuke-kin*.

(4) Common-area charge (*Kyoueki-hi*)

Kyoueki-hi is a monthly payment for costs of electricity and cleaning of such common area as the entrance and hallways of the apartment complex.

(5) Commission charge (*Tesuu-ryo*)

Tesuu-ryo is a commission for the private real-estate agent who successfully helped you rent the apartment. The maximum set by the Japanese law is the equivalent to a month's rent and this is usually the amount required.

(6) Guarantor (*Rentai-Hoshonin*)

In Japan, a guarantor is usually required to rent an apartment. If any events happen to the debtor (=renter), the guarantor will bear a full responsibility instead of the debtor (=renter).

* Try at all costs to avoid causing problems for the guarantor.

(7) Advanced Deposit (*Mae-yachin*)

Mae-yachin is to pay the next month's rent by the end of the previous month. A renter should be aware that this *mae-yachin* (advanced deposit) system is adopted in most of the Japanese private housings. Therefore, the renter needs to inform the landlord of his/her leaving more than a month in advance, otherwise, he/she will be charged for the extra rent.

⑤ When Moving within Japan

When you move to a new residence, you must submit a Change-of-Address Notice to the person in charge of your Faculty/Graduate School and the guarantor.

(1) Contact the Landlord

When you decide to leave an apartment or leave Japan, please inform the landlord one to two months prior to the moving date. If you delay, you may have to pay another month's rent.

(2) Notification of Moving out/in

If you move to a new city, you need to fill out a "notification of moving out" at the municipality where you used to live, and submit it to your new municipality together with your "moving-in" application within 14 days of the move. (If you move within the same ward/city, "notification of moving out" is not needed.)

(3) National Health Insurance

When you move out of the ward/city, you should return your national health insurance card to the ward/city office where you lived, and apply for a new card at the ward/city office of your new residence within 14 days of your move.

(4) Mail

In order to have your mail forwarded to your new address (within Japan), please submit the change of address notification to your nearest post office. Be sure to bring some kind of ID and your seal (*inkan*) with you.
