Visa Application	<p>Certificate of Eligibility (CoE) In order to support international students' smooth entrance to Kobe University, we offer prospective students a proxy application service for their Certificate of Eligibility (CoE), which makes students easier to obtain their visa. Kobe University applies for CoE on behalf of incoming students after the issuance of the acceptance letter. The immigration process usually takes about 1 month. Upon successful issue of CoE, Kobe University sends out the "Acceptance Package" which consists of an acceptance letter and CoE by mailing. Students can start their visa application at the Embassy of Japan in their countries after receiving the package. CoE is issued by the immigration before the visa application as evidence that the foreign national meets the conditions for landing in Japan. A foreign national who has a CoE can obtain a visa more easily at an embassy or consulate within the standard processing period. In addition, landing permission will be granted more promptly if students show their CoE to an immigration officer. However please note that this proxy service does not guarantee 100% success. The final decision for visa issuance rests in the hands of the Japanese Immigration office and Japanese Embassy. *We offer this proxy application service for the CoE on the assumption that students will arrive in Japan about 1 week before each semester begins (around the last week of September/March). Students who intend to depart from their country earlier should apply for their visa by themselves since there are no guarantee of earlier issuance of CoE than the schedule we assume.</p> <p>Visa The applicant must apply in person to an embassy or consulate in their country. Visas cannot be obtained after arriving in Japan. For detailed information about necessary documents and procedure, please refer to the following URL; Ministry of Foreign Affairs of Japan. https://www.mofa.go.jp/j_info/visit/visa/index.html</p>
