## Insurance and Medical Assistance Service

It is extremely important to purchase comprehensive insurance so that you can enjoy a safe and worry-free life in Japan. At the time of enrollment, all international students entering Kobe University are required to purchase the relatively inexpensive insurance plans outlined below to cover possible physical injury or damage compensation liability.

#### [Basic compensation] (Gakkensai)

-Personal Accident Insurance for Students Pursuing Education and Research (PAS)

#### \*mandatory for all students (domestic and international)

This insurance covers all injuries resulting from accidents during University events and classes (including extracurricular activities with Kobe University clubs). For details about coverage and premiums, please check the Kobe University website.

#### [How to apply]

•Fill in the payment handling slip attached to the pink pamphlet and make the payment at the Japan Post Bank (Post Office).

#### [Additional insurance] (Inbound Futai Gakusou)

-Comprehensive Insurance for Student Lives Coupled with PAS for international Students \*\*mandatory for all international students

This comprehensive insurance covers all accidents that can happen during your daily life as a student, including injuries, illness, and accidents for which you may be liable, 365 days of the year, 24 hours a day.

In the unlikely event that an accident occurs, the 'Inbound Futai Gakusou' provides students with information and guidance in English via email, and mediation services for accidents occurring in Japan. However, you must have taken out the Gakkensai insurance in advance to qualify for this service. It is possible to take out the insurance on a monthly basis to coincide with your study abroad period in Japan.

#### The following four types of insurance are included:

#### I) Personal Liability Insurance

\*Insurance will be paid out when there is a sudden accident involving the student either in Japan or abroad, where injury or damage is caused to another person or another person's property resulting in a claim for compensation.

#### 2) Insurance for death or disability

\*Insurance will be paid out in cases of death or disability due to a sudden or unforeseen accident in Japan or abroad.

#### 3) Medical expense insurance

\*Insurance will be paid out when the bearer is hospitalized or goes to the hospital due to injury or illness in Japan.

#### 4) Assistance expenses insurance

\*If the bearer is hospitalized for 3 days or more due to injury or illness, travel and accommodation expenses to enable close relatives to attend to the patient will be covered. However, this insurance is also included if you purchase the 'Inbound Medical Assistance Service', which is explained below. Therefore we recommend that students enroll in Insurance plan Type B or Type D, which does not include the assistance expenses.

#### [How to apply]

·Apply online via smartphone or PC (a QR code is printed on the pamphlet) and pay the fee at a convenience store.

Alternatively, you can fill in a designated payment slip and make the payment at the Japan Post Bank (Post Office).

If you need a payment slip, please ask the Student Affairs Section of your faculty/graduate school.

It is recommended that you apply online if possible, as applications via designated payment slip may take more time to process due to errors or omissions.

\*Date of enrollment (date of deposit) and insurance coverage period

The insurance period begins on the day after the premium is deposited. Therefore, the enrollment period and premium amount might not match depending on the date of deposit. In such cases, refunds are often made.

(Example) A student whose enrollment period is from April 2023 to September 2023. If the student pays the premium on April 30, 2023, their insurance period will start on May 1, 2023. In this case, the insurance enrollment period will be 5 months, so if the student deposited 6 months' worth of premiums, they will be refunded.

Please check your enrollment period calculations before making the deposit.

#### [Medical Assistance] Inbound Medical Assistance Service (IMAS)

#### \*\*mandatory for all international students

This 24 hour multilingual medical assistance includes two types: Standard and Emergency, both of which are provided when you are in Japan.

#### For example....:

- "I have no idea which hospital I should go to..."
- "I cannot explain my condition to a doctor properly..."
- "It's difficult to understand the doctor's explanation about my condition and medication instructions..."

#### **%**Available in 18 languages:

English, Chinese, Japanese, Korean, Thai, Vietnamese, Indonesian, Tagalog, Nepali, Malay, Burmese, Khmer, Portuguese, Spanish, French, German, Italian, Russian

#### [Service contents]

- Standard service
- ·Reference to an appropriate, nearby medical facility
- ·Interpretation by telephone for when you have difficulty understanding explanations at a clinic or need to communicate with a taxi driver when you go to see a doctor.

#### Emergency service

(One-stop, comprehensive support if you have an emergency, such as hospitalization for 3 or more consecutive days. In principal, the University's consent is required to receive this service.)

- · Arrangement of transportation to another medical facility in Japan or in your home country.
- ·Contact your family in your home country and provide travel and accommodation support for your close relatives to come to Japan to look after you.
- ·Funeral, etc, in Japan and/or transport to home country (in case of death)

#### **\*ATTENTION:**

- •This assistance service is not a type of medical insurance. You are responsible for all medical expenses including checkup, treatment and hospitalization. However, rescue costs incurred in the event of death or more than 3 days' hospitalization will be covered by the university's compensation system expense insurance, although there is a limit.
- ·Some emergency services have additional costs, which you will be required to pay.

#### [How to apply]

Membership fee: 1,300yen/year (\*An additional handling fee (182yen) will be charged per payment)

• Please register your information on the website below and pay the fee by credit card or at a convenience store.

If you pay at a convenience store, it will take a few days to complete the subscription. Please pay by credit card where possible. (It is advised that you pay by credit card particularly if you

#### Main cases subject to insurance payment 保険金をお支払いする主な場合

Be it within Japan or abroad, legally responsibility is to be held and thus reparations are to be paid out in such instances, including damage or injury caused to another party and/or their property (which comprises digital property i.e. information stored on appliances)\*1, as outlined below:

 Accidents met with unexpectedly by insured students in their everyday lives

\* Unexpected accidents which occur in insured students' day-to-day lives, where said students' legal guardian(s) – including those having otherwise been legally designated as their supervisor and/or as their representative supervisor – have been previously made to bear legal responsibility, are also included.

• Unexpected accidents arising from the ownership, usage or

management of a housing used by the insured student for his/her

Personal

\*The student is responsible for any accidental damage caused by the ownership, usage, or management of the housing he or she uses for residence, personal liability insurance includes cases in which the student's parent, other legal custodian or other person responsible for legal supervision and vicarious supervision of the student is liable (for vicarious supervisors, only accidents related to the student himself/ herself are covered).

Should any insurance and/or mutual aid money be paid out by another insurance policy and/or mutual aid contract, the amount of insurance money to be paid out by Tokio Marine may decrease.

In addition to those insurance benefits listed above, there are cases where various insurance amounts are to be paid to cover necessary expenditures incurred at the time of the accident.

\* If the insured person or their family have other insurance policies with similar coverage, this coverage may well overlap and thus be duplicated. Please be sure to check your coverage details thoroughly before enrolling.

\*1 Compensation for the damage and/or theft of household property (goods) entrusted to an insured person in Japan – while being stored in their house and/or temporarily managed elsewhere in Japan or overseas; even if the insured person is liable for damages to a person with legitimate right to the entrusted goods – will be paid out equal to the amount in damages (the amount of liability for damages) incurred.
